

Live Animals for Cargo Personnel

When shipping live animals by air, knowing the rules isn't enough — humane, compliant handling matters at every step.

This e-learning course introduces you to the IATA Live Animals Regulations (LAR) and equips you to accept, process, and transport live animals safely and in line with welfare and regulatory requirements.

More than 36
Million new
aviation related
jobs will be
needed by 2034

**ARE YOU
INTERESTED?**

 **Course duration**
2.5 hours of study

 **Exam period**
www.iata.org/training-exams

 **IATA Certificate awarded**
upon successful completion
of the final examination.

WHAT YOU WILL LEARN?

Upon completing this course, you will have the skills to:

- Protect the safety and welfare of animals on the ground and in the air
- Describe container design principles for live animals
- Determine which container requirement applies for the animal being transported
- Describe carrier and government regulations related to live animals shipments

WHO SHOULD ATTEND?

- Cargo agents & freight forwarders
- Airline cargo operations staff
- Customer service, reservations, & operations personnel involved in live animal shipments
- Airline handlers and ground staff handling live animals for acceptance / transport

KEY TOPICS

- Use of IATA's Live Animals Regulations (LAR) manual
- Shipper's & Carrier's responsibilities
- Government and airline regulations affecting animal transport
- Documentation, marking & labelling requirements for live animal shipments
- Classification of live animals & selection of correct container requirement
